

Who am I? Created

We are animals, and we have lots in common with other animals (especially animals like monkeys!) But Genesis 1:26-27 shows us something really important that makes us completely *different* from the other animals.

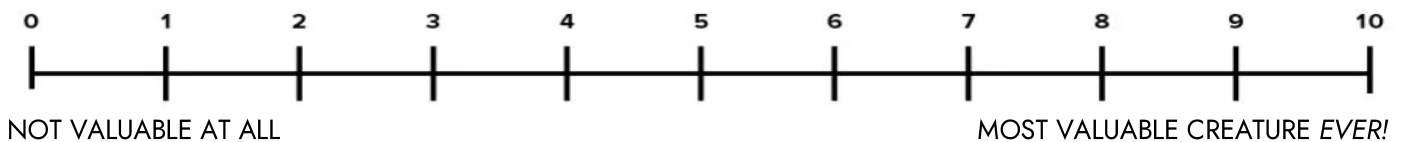

(What does God say makes us different from the other animals? Use the first letter of the name of each picture to find out!)

God made us in His _____

Knowing this about how God made us different to the other animals has a *huge* impact on how we think about ourselves—and other people too! How does it change how **valuable** we think **we** are? How does it change how **valuable** we think **other people** are?

(Where would you put yourself and other people on the scale below?)

If God made us in His image, what does that actually *mean* for us? We get clues in Genesis 1-2, but also in the whole rest of the Bible!

(Unscramble the words to find out some of what it means to be made in the image of God.)

We are made to **havebe** a bit like God (like being generous and caring about fairness).

We are made to **urle** the world as God's representatives (creating new things and caring for the world).

We are made to **loev** each other, and God (just like God the Father, Son and Holy Spirit love one another).

Hidden Pictures: Adam and Eve Were Called to Rule Creation

Find these objects hidden in the picture below: glass of water, horseshoe, magnet, canoe, star, fish, moon, lollipop
